- 17 chrs. LCD Display
- 10,000 chrs. Text Memory
- Auto Column
- Address List
- Accu-Spell Plus™

KX-R550 Portable Electronic Typewriter

14-Character Plus 3-Digit Counter LCD Display

In order to see your work before it gets printed on the page, as well as to have a window through which to view your stored text, the KX-R550 has a 14-character plus 3-digit counter LCD display. Adjustable contrast control provides optimum clarity.

Accu-Spell Plus™

With the Accu-Spell Plus™ spelling correction feature, you can worry less about typographical errors and misspellings, and concentrate more on your work. The Accu-Spell Plus™ feature actually recognizes misspellings, and offers you a selection of alternative correctly spelled words. You choose the correct word, and it automatically replaces the wrong word. The feature works in the text memory mode or the typewriter mode. The built-in dictionary contains 63,000 words, and you can even add up to 120 words of your own to the user's dictionary.

*Spelling programs developed and copyrighted by Houghton Mifflin Company, publishers of The American Heritage Dictionary.

Auto Column

When you need to set up lists or rows of data, just leave it to the Auto Column function. By giving you prompts through the LCD display, this automated ability leads you through the steps of constructing a rules table of data. As you input the information for each column, the typewriter will automatically place data the center of each column, or align numbers on the decimal point.

Letter Quality Daisywheel Printing Elements

Letter quality prints is one of the most important features to consider when choosing a typewriter. It's the accepted form for business letters, term papers, etc. That's why the KX-R550 electronic typewriter uses daisywheel printing elements. The KX-R550 includes the COURIER 10 style printing element, but you can add variety and style to your work with other optional type styles. Choose from PRESTIGE PICA 10, PRESTIGE ELITE 12, SCRIPT 10/12, GOTHIC 15, ORATOR 10 and BERLIN ITALIC 10/12.

10,000 Character Text Memory

You can store approximately 5 pages of double-spaced text within the internal memory of the KX-R550 electronic typewriter. With text stored in memory, you can make changes without having to retype the entire document.

Address List

The address list function allows you to store up to 50 names, addresses and telephone numbers into an editable memory. It's a convenient way to store mailing lists, or just for general record keeping. With this feature, you can print out either an alphabetized list or individual entries.

Computer Interface Capability

The KX-R550 can be connected to most personal computers via the optional KX-R60 parallel interface adaptor. In this way, you can use your typewriter as a computer printer.

Specifications

Print Element	Drop in Daisywheel	Correction Tape	Lift-off (standard)/Cover-up (option)
Print Pitch	10, 12, 15	Correction Memory	1 line
Line Spacing	1, 1½, 2	Dictionary (approx.)	Main (63,000 words)/User (120 words)
Paper Capacity (max.)	295 mm (12")	Text Memory (max.)	10,000 chrs.
Print Capacity (max.)	254 mm (10")	Power Source	AC 120, 220, 230, 240 V 50/60 Hz
Typing Speed	15 cps	Dimensions (W×H×D)	432×112×369 mm (17"×4¾"×14¾")
LCD Display	14 chrs./counter	Weight (approx.)	5.8 kg (12½ lbs.)

Panasonic

Panasonic and National are the brandnames of Matsushita Electric.

KX-R540/R550 手提式电子英文打字机

15个字符加上7个指示的液晶体显示屏

液晶体显示屏让您在纸上打印前能看到您的操作，并提供一个窗口让您浏览内存的短文。KX-R540有一个15字符加上7个指示的液晶体显示屏。可调节的对比度控制提供最佳的清晰度。

电子字典™

电子字典的拼写校正功能，可减少您对打字及拼写错误的担心，让您可以更专心集中地工作。电子字典功能可实际辨别拼写的错误，并提供您一个正确拼写的单词替换选择。您选择正确的单词，它自动地替换掉错误的单词。这功能适用于短文内存记忆方式或打字机方式。内置的字典包含63000个单词。您甚至可以把您自创的120个单词加进使用者的字典。

*拼写软件由 Houghton Mifflin Company, 即 The American Heritage Dictionary的出版商开发及拥有版权。

自动分栏

当您需要把资料分成竖行或横行时，使用自动分栏功能。通过液晶显示屏的显示，这功能可带领您把资料建立成一个标准的表格。当您在每栏输入资料时，打字机会自动把输入的资料置于中间位置，或把数字按十进制小数位排列。
